NEW CHAPTERS

Transforming employability for adults with learning disabilities

**12-Week work-based
skills development programme**

New Chapters is a well-established social enterprise for adults with learning disabilities and additional support needs, offering a safe, supportive, real-world working environment where participants build meaningful skills while contributing to a thriving community business.

Over a 12-week, work-based employability programme, our New Chapters Development Programme provides an outcomes-driven, value-for-money intervention that supports:

- ▶ Independence
- ▶ Community inclusion
- ▶ Progression into work or volunteering

The New Chapters Development Programme is fully aligned with Care Act duties, Preparing for Adulthood outcomes, and local employment strategies.

What participants receive

Every participant benefits from a personalised and supportive journey, including:

- ▶ Bespoke initial assessment
- ▶ Learner-led action plan
- ▶ Hands-on training in a real workplace
- ▶ Support from experienced supported-employment staff
- ▶ Clear pathways into volunteering, further training, or paid work

A unique learning environment

New Chapters is not a classroom or simulation. It is a fully operational social enterprise, processing and selling donated books. Participants carry out meaningful tasks that directly support the business.

This approach delivers measurable outcomes including:

- ▶ Building confidence, independence, resilience, self esteem and work readiness through real responsibility, reducing long-term support needs
- ▶ Encouraging social interaction and community inclusion
- ▶ Providing genuinely transferable workplace skills, developing a professional CV and access to employment support to secure paid or voluntary work (additional cost)
