Hartsbourne Country Club

About Kisharon Langdon

At Kisharon Langdon, we place co-creation and the personalisation of care at the centre of our practice, actively involving the people we support in shaping the programmes and services they use through members' meetings, collaborative planning sessions, and participation in the processes that lead to the final services and activities they experience.

Through our personalisation of care, we take the time to truly understand each individual, what matters to them, what brings them joy, what their aspirations are, and how they wish to live, whether that is supporting their Jewish way of life, nurturing friendships, accessing community opportunities, or tailoring practical support in ways that reflect their preferences and identity.

Our Golf Day

The Kisharon Langdon Golf Day, formerly the Langdon Golf Day, was founded nearly 30 years ago by Mike Ellis and has built a loyal community of supporters. Legacy Kisharon also held a golf day, and together these events have grown into the Kisharon Langdon Golf Day we know today.

Over the years, the day expanded to a two day event at Hartsbourne to accommodate almost 200 golfers. We have since returned to a single day format, yet the event continues to sell out thanks to your remarkable commitment.

Your generosity helps us raise more than £50,000 annually, making a meaningful difference to the people supported by Kisharon Langdon. We are deeply grateful for your ongoing involvement and hope we can count on your support for many years to come.

Thank you once again for your generosity.
